## BOT Community Consultation: School Health Programme

We consult with our school whānau, parents and caregivers biannually about our school Health programme.

A consultation survey has been sent home via email through school links to known addresses with a survey monkey link for you to complete your responses online. Please see the link below <https://www.surveymonkey.com/r/TVXPJ3C>

An overview of the key areas of learning for our Health programme is included.

If you require a paper copy these can be obtained at the office. Please return your written survey responses to the school office.

We would appreciate your input as to the areas you would like to see prioritised in the School Health programme in the next two years and any recommendations you would like considered.

**Reponses by 15th September please.**

### ‘He waahi Puāwai’.

Room 6 and Room 9 classes enjoyed morning tea yesterday beside the colourful wooden tiles they created together for Matariki to frame the doors to the Enviro Area seedling house. ‘He waahi Puāwai’. Take the time to walk this way (by the school pool) to see the work our Enviro team from classes across the school have been doing in this year.

Enviro team lead teachers: Rebecca Sargent R9, Kelly Collins R6
